▲ **Featured Supplier of the Week - VSPACE Inc.** VSpace is an innovative leader and North American supplier of software, hardware and support products for the IT industry, specializing in the INFOSEC, COMSEC and INFOWAR arenas. From advanced data recovery and forensics to high-end specialty IT network appliances, we provide some of the most technologically advanced products and systems available. POC is Jeffrey Byrd, Vice President, Phone:(616) 948-1972. [See detail...](#)

▲ **DoD EMALL WINS EXCELLENCE.GOV AWARD** The Industry Advisory Council (IAC) eGov Shared Interest Group (SIG), in partnership with E-Gov and the Federal CIO Council recognized government programs that have demonstrated excellence in E-Government innovation. There were 130 nominees from the Department of Defense and the civilian agencies. Of these 130 nominees, 25 received recognition. Of the 25 agencies who received recognition, 5 were deemed "cream of the crop" receiving the highest honors and a trophy. DoD EMALL was one of the TOP FIVE. Congratulations to all those who support the DoD EMALL!!

**Environmentally Friendly Item - Micros...**

The Commercial supplier of this item has self-certified that this products meets one of the approved environmental standards for the DoD EMALL/EPRO. See product detail for the exact environmental standard. A products acceptance into EPRO does not constitute endorsement in any manner by DLA, DOD or the Federal Government. It is incumbent upon suppliers to ensure all statements and claims are accurate.

[Close](#)

# Action Items

- From the EPRO site a link to EMALL
- An EMALL site that appears (green) like the EPRO site
- At that web site a user could use the standard EMALL login and search for green products by attribute, number or word search
- If the green products could not be found, a button that informed the user they could continue the search in the normal EMALL site

Start of EPRO project will be late summer 2002

# Hotlink to Guideline Site

# Identification of Environmentally Friendly Commercial and NSN Items At the User Level

# Overview

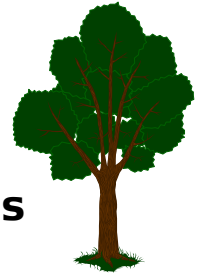

- **How the Environmental Attribute Codes are being used in the field.**
- **How commercial suppliers are identifying **Green items** in DoD EMALL?**

# Identification

- **NSNs with an ENAC code assigned are identified with a deciduous green tree symbol.**

- **Commercial items that have been identified by the Supplier as meeting a commercial environmental standard but have not been assigned an NSN are identified by the evergreen tree symbol.**

# Government Environmental Codes

<p>CPG: Comprehensive Procurement Guidelines</p>	<p>Meets or exceeds Product Comprehensive Procurement Guideline - Recovered Materials Advisory Notices (RMAN).</p>
<p>EE: Energy Efficient Products</p>	<p>Meets or exceeds DOE Energy-Efficient Products Standards -- products in the top 25 percent of energy efficiency for all similar products, or at least 10% more efficient than required by DOE standards, or meets efficiency criteria of the EPA/FDOE Energy Star label.</p>
<p>DOE Water Conserving Products</p>	<p>Plumbing fixtures that meet or exceed the Department of Energy (DOE) Federal Energy Management Program (FEMP) recommended performance standards for flow rates, and are in the upper 25% of energy efficiency of that product group.</p>
<p>State of Calif. Low VOC (Volatile Organic Compound) Products</p>	<p>Any product that meets the VOC January 2000 content requirements that are established in the California South Coast Air Quality Management Source Specific Standards and are more strict than the Federal VOC content limits, established per the CAA Section 18 (e), and meet mandated EPA Clean Air Act sec 183 stds</p>

# Commercial Environmental Codes

- NC NESHAP compliant** - The "as applied" formulation of this coating has been certified to meet applicable volatile organic compound and hazardous air pollutant emission limits as established by National Emissions Standards for Hazardous Air Pollutant (NESHAP) regulation, 40th Code of Federal Regulation, Part 63.
- RC Recycled content**- Item contains recycled content as described in the item detail (U.S. Environmental Protection Agency (EPA) item meeting EO 13101).
- WC Water conserving item** - Plumbing fixtures that meet or exceed the Department of Energy (DOE) Federal Energy Management Program (FEMP) recommended performance standards for flow rates, and are in the upper 25% of energy efficiency of that product group.

# Commercial Environmental Codes

- CP Comprehensive Procurement Guideline compliant** - This product has been certified to meet or exceed the U.S. Environmental Protection Agency Recovered Material Advisory Notice (RMAN) standard for recovered materials as specified in the Resource Conservation and Recovery Act Section 6002 Comprehensive Procurement Guideline.
- ES Energy Star compliant**- Item is compliant with the U.S. Environmental Protection Agency (EPA's) Energy Star Computers Program.
- EE Energy efficient item** - Item is energy efficient as defined by EO 13123
- EA Conforms to National Energy Appliance** - Item conforms to National Energy Appliance Conservation Act of 1987

# Commercial Suppliers

## Commercial Suppliers are asked to:

- Identify catalog items which meet any of the 4 government recognized environmental standards by adding the Environmental Code to their catalog.
- Any request to add this information to their catalog should be directed to their DOD EMALL Contracting Officer for approval.

<b>Property</b>	<b>Value</b>
<b>Environmental Code</b>	EE - Energy Efficient Item - Item is energy efficient as defined by EO 13123
Item Expanded Description	Stainless Steel Wall Water Cooler Simulated Semi Recessed Non Refrigerated Certificate Included
Product Name	SS ELEC WATER COOLER
